To give precise numbers for catering is very difficult and we do appreciate this. On arrival if more people attend than has been booked for, extra food will only be made with your approval to do so. We can provide extra food for up to 10 people. Additional teas and coffees are not a problem. If no additional food is requested, the only charge will be for the extra teas and coffees. This charge is £3.50 pp.

Please advise us in advance should there be any special dietary requirements.

When more guests attend than has been booked for, we will always endeavour to do our best.
